## WASHINGTON'S WILL

Memorial to Be Erected in Honor of First President.

### JUSTICE BREWER TALKS

MEETING AT RESIDENCE OF MR. GEORGE WESTINGHOUSE.

Association to Carry Out Plan for National University Building—Prominent Patrons Present.

Mr. Justice Brewer yesterday afternoon, at the residence of Mr. and Mrs. George Westinghouse, Deport circle, made an address to a large company of people interested in the erection in this city of a memorial hall to George Washington. The address was given under the auspices of the George Washington Memorial Association, and was delivered once before the Justice Brewer at the convocation exercises of the George Washington University, held February 22 last.

Mrs. Archibald Hopkins, president of the association, spoke to the audience upon the work that has been done toward the erection of the memorial hall and of the hopes for the future. She said that a fund of \$500,000 was to be formed to build this temple to the memory of the first President, and that great strides had been made in gathering the nucleus. The building is to stand in what is known as Van Ness Park, which is the plot of ground to the southward of the Corcoran Gallery of Art and the Continental Hall of the Daughters of the American Revolution and which will contain, as well, the buildings of the enlarged George Washington University.

In his speech Justice Brewer referred to the interest of all the Presidents in education and especially of the work of George Washington toward the establishment of a national university. He said that Washington recognized both the elementary and higher forms of learning and that he gave concrete evidence of his interest in his will. The speaker read extracts from President Washington's will whereby bequests were made for the maintenance of orphan children and for the establishment of a great university in the central part of the United States. Justice Brewer then read from the Washington will the following extract, which relates more particularly to the project of the members of the George Washington Memorial Association:

"It has been my ardent wish to see a plan devised, on a liberal scale, which would have a tendency to spread systematic ideas through all parts of this rising empire, thereby to do away (with) local attachments and state prejudices, as far as the nature of things would admit, and to admit, from our national councils, looking anxiously forward to the accomplishment of so desirable an object as this is in my estimation, my mind has not been able to contemplate any plan more likely to effect the measure than the establishment of a university in a central part of the United States, to which the youths of fortune and talents from all parts thereof might be sent, for the completion of their education in all the branches of polite literature, in the arts and sciences, in acquiring knowledge in the principles of politics and good government; and as a matter of infinite importance, in my judgment, by associating with each other, and forming friendships in juvenile years, be enabled to free themselves in a proper manner from those local prejudices and habitual jealousies, which have just been mentioned, and which, when carried to excess, are never-failing sources of disquietude to the public mind and pregnant with mischievous consequences to this country."

Justice Brewer then explained the value of the bequests and what could be done with them in connection with the national university project as outlined by the officers of the George Washington University. Among those accepting the invitation of Mr. and Mrs. Westinghouse to hear Mr. Justice Brewer were the following: Mr. and Mrs. John S. Blair, Mrs. Condit Smith, Mr. Louis A. Prodt, Mrs. Harlow, Mrs. C. Hart Merriam, Mr. Herbert D. and Mrs. Fremont-Smith, Miss Patten, Judge Booth, Judge and Mrs. Peelle, Mrs. Adrian V. S. Schenck, Mrs. Kauffmann, Mrs. Charles F. ### MR. GREENE'S RECITAL.

He Gave a Liberal and Exacting Program.

Thomas Evans Greene, tenor, was heard to good advantage last evening in a song recital at the ball room of the Raleigh Hotel. The audience was receptive and in sympathy with the singer, as was evidenced by the hearty applause which greeted the rendition of every number on the liberal and exacting program. Mr. Greene hails from New York, but is associated in musical work in this city with Miss Wilson, under whose direction he appeared last night. He has a strong tenor voice of good range, and his selection of songs, arias and ballads offered opportunity to test its quality and caliber.

The program embraced nineteen numbers and included: "God's Day," "Buck Jean," "Burling," "I Long for You," "Hawley," "Slumber Song," "Gerrit-Smith," "Un Solo I Stanti Palpi," "(L'Esir d'Amore)," "Donizetti," three songs by Haydn, "She Never Told Her Love," "Despair," and "Piercing Eyes," "Ah Si, ben mio," "The Trovatore," "Still wie die Nacht," "Bohm," "Recompense," "Hammond," a group of Irish songs, "Kitty O'Brien," "Katie," "Bory O'Moore," "Lover," "An Irish Love Song," "Lang," "Molly Bawn," "Lover," "Father O'Flynn," "Standford," "Ninon," "Tosti," and "Gypsy John." Mr. Greene's enthusiastic applause, appealed most strongly to the audience. Mr. Greene seemed equally at home in the dramatic and Irish songs, and was accorded generous appreciation.

Mrs. Edward Kelly of Philadelphia presided at the piano.

### DEFINING BOUNDARIES.

Police Surgeons to Reside in District Where They Serve.

An effort will be made hereafter to have police and fire surgeons in the employ of the District government reside in the district in which they are called upon to render service. This is one of the results of the recent revision of the police manual, and is in line with a suggestion made by Commissioner West last fall, but opposed by the other two Commissioners until yesterday. Mr. Macfarland thought such a provision might interfere with unimpaired commission.

## Waist and dress lengths wool dress goods at 25c. yard.

Surely there is no reason why anyone should be without a new dress Easter when good material can be had at such a low price. In finally approving the suggestion Mr. Macfarland says:

"I approve the motion in view of the fact that the Commissioners agree that whenever a vacancy occurs in the board of police and fire surgeons it shall be filled by the Commissioners from a list of eligibles to be furnished by the civil service commission as a matter of courtesy to the commissioners, after an examination by the civil service commission open to all applicants from all parts of the District of Columbia, held for the purpose of furnishing such a list of eligibles. As it is impossible to determine in advance how the proposition to have the members of the board reside in the districts to which they are assigned will work, I am willing to give it a trial."

A special local option election was held at Leesburg, Va., Tuesday, and resulted in the defeat of the licensed sale of liquor. The vote was: For license, 100; against license, 118. The town has been dry for the last two years.

By a partial collapse of a new bridge across the Dan river near Danville, Va., yesterday, seven workmen and some machinery were precipitated into the stream, twenty-five feet below, resulting in the injury of four of them.
